ROSHAN MURUGAN

DATA ANALYST

Chennai, Tamil Nadu | +91 98841 92828 | roshanrayven02@gmail.com | linkedin.com/in/roshan-m-087958232

SUMMARY

Data Analyst with hands-on training in SQL, Python, Power BI, Tableau and Advanced Excel, plus 1.5 years of professional experience in US healthcare revenue cycle management at Access Healthcare. Experienced in data collection, data cleaning, data analysis, data visualization and dashboard reporting, with strong domain knowledge of claims, denials and accounts receivable data. Seeking a Data Analyst position to apply analytical and reporting skills to deliver measurable business insights.

CORE SKILLS

- **Data Analysis & Reporting:** Data Analysis, Data Analytics, Data Cleaning, Data Visualization, Dashboard Reporting, KPI Reporting, EDA, ETL
- **BI Tools:** Power BI (DAX, Power Query, Data Modelling, RLS), Tableau, Excel Dashboards
- **Databases & SQL:** SQL, MySQL, Microsoft SQL Server, SSMS, Joins, Subqueries, CTEs, Window Functions, Stored Procedures
- **Programming & Statistics:** Python, Pandas, NumPy, Matplotlib, Seaborn, Descriptive Statistics, Hypothesis Testing
- **Advanced Excel:** PivotTables, VLOOKUP, XLOOKUP, INDEX-MATCH, Power Query, Conditional Formatting
- **Other Tools:** MS PowerPoint, Google Sheets, Jupyter Notebook

PROFESSIONAL EXPERIENCE

Data Analyst (AR Caller - Accounts Receivable Analyst), Access Healthcare *| Chennai | 12/2024 - 07/2026*

- Performed data analysis on accounts receivable and denial data for US healthcare providers, reviewing an average of 45-50 claims per day and identifying root causes of payment delays.
- Tracked daily productivity and collection metrics in Excel using PivotTables and lookup formulas to monitor AR ageing buckets (0-30, 31-60, 61-90, 90+ days).
- Analysed recurring denial patterns by payer and CPT code and reported findings to team leads to reduce repeat denials.
- Collaborated with team leads and QA to resolve data discrepancies and met daily data quality targets.

PROJECTS

Healthcare Claims and Denial Analysis Dashboard *| Power BI, SQL, Excel*

- Built an interactive Power BI dashboard and data visualization report on 50,000+ healthcare claim records, tracking denial rate, collection rate and AR ageing by payer and department.
- Cleaned and transformed raw claim data using Power Query as part of the ETL process, and created DAX measures for billed amount, paid amount and denial percentage.

Retail Sales Performance Analysis *| SQL, Power BI*

- Wrote SQL queries using joins, CTEs and window functions to analyse sales, profit and returns across regions, categories and time periods.
- Developed a Power BI report and dashboard with YoY growth and regional profitability, highlighting loss-making product categories.

Employee Attrition Analysis (HR Analytics) *| Python, Pandas, Matplotlib*

- Performed exploratory data analysis (EDA) on an HR dataset of 1,470 employee records using Python, Pandas and NumPy to identify attrition drivers.
- Visualised relationships between attrition and factors such as overtime, monthly income and job role using Matplotlib and Seaborn.

EDUCATION

Bachelor of Engineering (B.E.), Velammal Engineering College, Chennai *| 2019 - 2023*
CGPA: 7.23 / 10

CERTIFICATIONS

Master Data Analyst Program, FITA Academy, Chennai *| 06/2026 - 09/2026*
Coursework: SQL, Advanced Excel, Python, Power BI, Tableau, Statistics.
